

JOB OPENING: IT ADMIN

For this position, you need to be based in Funchal (Madeira), and you must speak English. Please, read the entire announcement and be aware that all our processes are in English, and keep in mind this is not a remote position.

Are you eager to work on the newest Microsoft technologies? If you like working with Windows Server, SQL databases, Azure, SCCM, Hyper-V, O365, Dynamics CRM, NAV, Exchange, and SharePoint - then this position is right for you. If you are open for Servers, PC's, and notebooks - we are using them all.

Are you willing to educate and improve yourself? Do you want to be a part of a successful international company? It is okay if you don't know everything, if you are willing to learn and improve yourself - we will be happy to welcome you to our team. Important for us is that you can find solutions on the web, chats, forums, or books. Proactivity and structured thinking and acting is a must.

Job Scope:

- Monitoring and maintaining networks and servers.
- Upgrading, installing, and configuring new hardware and software to meet company objectives.
- Implementing security protocols and procedures to prevent potential threats.
- Creating user accounts and performing access control.
- Performing diagnostic tests and debugging procedures to optimize computer systems.
- Documenting processes, as well as backing up and archiving data.
- Developing data retrieval and recovery procedures.
- Designing and implementing efficient end-user feedback and error reporting systems.
- Providing first and second level support to internal and external customers.
- Keeping up to date with advancements and best practices in IT administration.

Requirements and skills:

- Bachelor's degree in computer science, information technology, information systems, or similar.
- At least two years' experience in a similar role.
- Strong experience in Microsoft Operating Systems, Active Directory, Hyper-V, and OpenVPN
- Extensive experience with IT systems, networks, and related technologies.
- Solid knowledge of best practices in IT administration and system security.
- Exceptional leadership, organizational, and time management skills.
- Strong analytical and problem-solving skills.
- Excellent interpersonal and communication skills.
- Basic knowledge of SharePoint, Dynamics NAV, Zabbix, ESET, Bitlocker, and SQL.
- Advanced knowledge of Microsoft Windows.

Be part of a rising star and help us to get results faster and better. We are an international team representing more than ten countries at offices in Malacky (SK), Vienna (AT), Funchal (PT), and Denver (USA).

We're constantly improving and striving to become number one: you can join us and be part of the success.

Send your CV to office@connecting-software.com & tell us why you're the one to **work with us!**

If you want to learn even more about us, we kindly invite you to reach out to us or access our social media channels!

We are waiting for you!
